SPAWAR Awards Contract JTRS/SCA Migration Contract

General Dynamics Decision Systems of Scottsdale, Arizona is being awarded a Cost Plus Award Fee contract to migrate AN/USC-61 Digital Modular Radios to Joint Tactical Radio System /Software Core Architecture (JTRS/SCA) version 2.2 compliance. Work under this contract will be performed in five increments. Increment One has a not to exceed value of \$5,300,000 and will be incrementally funded for \$2,600,000. The remaining increments and funding will be awarded upon definitization. The entire contract has an estimated value of \$24,831,189. Work will be performed in Scottsdale, Arizona. Work under this effort will commence in November 2002 and complete in approximately November 2004. This effort will enable porting of Software Core Architecture compliant waveforms to the Digital Modular Radio platform when the SCA waveforms become available from the JTRS Joint Program Office. The AN/USC-61 Digital Modular Radio infrastructure upgrade will be a field installable upgrade that will enable DMR JTRS/SCA compliant waveforms. Contract funds will not expire at the end of the current fiscal year. This contract was procured on a sole source basis under the authority of FAR 6.302-1. This requirement was synopsisized in FEDBIZOPPS March 27, 2002 under solicitation N00039-02-R-0014. Only one offer, from GDDS, was received and there were no other inquiries received in response to the synopsis. The Space and Naval Warfare Systems Command in San Diego is the contracting activity (N00039-02-C-2204).
